DR. UPHAM'S
ible Internal Remedy
R THE PILES!
ure for Life Secured.
of Piles, Inflamation of the Liver and Kidneys, Soreness and Ulceration of the Stomach, Dysentery and Bladder Inflamation, Scrofula and Mercurial Disease, Impurity of Blood, Weakness and Infirmity, Spine and for the relief of Married Ladies.
EGETABLE PILE ELECTUARY,
Dr A Upham, a distinguished Physician of this city, is the only really successful remedy for those dreadful and distressing complaint, the Piles, to the American public
It is an INTERNAL REMEDY—acts in all constitutions, and will cure any case of Piles, whether old or blind, internal or external and prevents the only thing that will. There is no mistake about it is a positive cure—speedy and permanent, convenient, medicine to take, and improves the health in a remarkable manner
It can give twelve doses, at 8 1-3 cts per dose, and will in its operation, and may be taken in the most acute inflamation without danger—the most acute inflamation without danger—all applications are at the highest degree inconvenient and offensive and from the nature of the disease, temporary in their effects
The medicine attacks the disease at its source, and, DESTROYING THE CAUSE renders the cure PERMANENT
ALL INFLAMMATORY DISEASES
Such as the KIDNEYS was originally prepared for the cure of Piles, yet it has proved itself a medicine of value to all others, in all diseases of an inflammatory character, with a determination of blood to any part or organ—as inflammation and congestion of the Liver and Spleen, Inflamation, Soreness and Ulceration of the Stomach, Bowels, Kidneys and Bladder, Strains, Bruises, Rheumatism, Anger, to every disorder of a general, or local function of the System—causing them to move on just as Nature requires And for its WONDERFUL Power over Disease in every form and part which no other Medicine possesses, the public justly style it the
Master Remedy of the Age!
The great secret of all its triumphant success over all other Sarsaparillas is, that it does not rank with the patient or prolong his sufferings But at first attacks the disease and stops it, then removes it, then brings up the flesh and strength on a perfectly pure Blood, so that the cure is always thorough and permanent Oftentimes scatter or back on the disease but this EXTIRPATES it wholly from the system—thus saves the patient while while others endanger it The weak Body is made so healthy by the use of this GIANT MEDICINE, the System so vigorous—Mind so cheerful—Screen so quiet—Kidneys so busy—that
Medical Colleges, Professors, and Physicians always prescribe it for the sake of its Superiority
We try it all you who are seeking the PRICELESS BLESSINGS OF HEALTH
Ladies, Married and Unmarried!
It is for you especially that this Sarsaparilla is made as the HEALING ART has been issued at the utmost to have it exactly suited to FEMALE COMPLAINTS. Those Complaints have never been cured as they ought, hence it is that all the medicines which are used with the hope of Cure so invariably and entirely fail But this Sarsaparilla has the SPECIAL ability, to cure every Disease Affection or Pain which comes under this head It regulates the secretions—corrects the irregularities of the System—restores strength to every part—beautifies the complexion—imparts a flow of spirits—cures palpitation of the Heart—removes Blotche, Pimples, Freckles

Important Letter.
MESSRS CURTIS & SMITH
Dear Sirs—I herewith enclose you a few lines relative to your 'Dowd's Elixer' which for the benefit of the suffering, if you think worthy you are at liberty to make public About a year and a half ago my mother became sick, so that in a short time we began greatly to fear for her life Her symptoms were, bad cough, pain in the side and stomach, night sweats and other premonitory signs of pulmonary consumption We consulted four Physicians, who gave her little or no relief and finally pronounced her case incurable Consumption She continued to become weaker, and the symptoms more confirmed
About this time at the suggestion of a friend, we concluded to try Dowds Elixer Having procured a bottle from your agent (S R Bryam of Bangor) she commenced taking it At first it seemed only to mitigate the severity of the symptoms but in a short time her health began evidently to improve It cured her cough, relieved her night sweats and breasts improved the tone of the whole system—After having continued its use most of the time for nearly a year she calls herself cured She is now able to go about the house and superintend affairs at home I take pleasure in adding that to Dowds Elixer alone she owes the preservation of her life and the restoration of former strength and energy We have also used it in our family in other cases for which it is recommended in the pamphlets, with universal success Yours truly
(Signed) SWAIN P NORDSTROM
The above is only one of a thousand similar letters which we are constantly receiving, from all parts of the country almost daily
DOWNS ELIXER is unquestionably the best article known for the cure of COUGHS COLDS and CONSUMPTION It is more certain to give relief in all cases of ASTHMA—often a perfect cure—than any thing hitherto offered to the public
In cases of WHOOPING COUGH it needs only to be tried to give it preference over all other remedies It immediately breaks up the cough and renders it more plain, thus in a short time a source and terror is changed to CROUP it is a positive cure We speak with confidence for it has never failed and we believe never will when used according to directions
Pamphlets, giving a full description to be had of agents in almost every town and village in the country and of the following who are prepared to sell wholesale or retail

At the Utica convention of Barnburners that met in February last, the following resolution was reported by a committee of which JOHN VAN BUREN WAS A MEMBER, and unanimously adopted

Resolved, That Gen. ZACHARY TAYLOR *by his masterly correspondence* with the War Department no less than be his heroic conduct and incomtable coolness and courage on the field of battle has shown himself to be not only a distinguished military chieftain, but *a man of great mental and moral power*, and whose life has given evidence of a *strong head, an honest heart, and a Republican simplicity of character.*

Celebration of the Fourth of July.

The friends of Taylor and Fillmore, celebrated the glorious anniversary of American Independence in this city on Tuesday July 4th by a military escort, public procession, addresses, free collation, and also by a public meeting at the City Hall in the evening

The day and night previous were rainy indeed so also the early morning of the Fourth but after a while the clouds partially broke away and at length the sun came out, and in the latter noon the weather was very fine, with the exception of an occasional slight sprinkle of rain

At sun rise National salutes were fired from various quarters of the city, and bells were rung, the national flag was given to the breeze from various flag staffs and the names of Taylor and Fillmore, were displayed at the Taylor Head Quarters, on a triumphal arch spanning the west end of Kenduskeag Bridge, at the office of the Whig & Courier, and on an arch on Ohio street

Soon after the fire breaking away of the heavy clouds, a stream of carriages of all imaginable descriptions came pouring into the city upon every avenue leading into it, and long trains of cars upon the Oldtown Railroad came filled with passengers The immediate neighboring towns were in this way well represented while the people more remote, and who expected to be present, were prevented on account of the bad weather of the previous day Probably five thousand persons over the usual number visited our city on that day

The Washington Guards, a volunteer company of young men, appeared on parade with the Thomaston Brass Band The Brewer Artillery also came into the city in beautiful style with their field pieces highly polished and everything in the highest military order This company attracted much attention and won golden opinions from all

These two companies formed the escort to the procession, under the direction of Col W H Mills, and several assistants on horse back not "stricked out in the magnificent gorgeousness of military exageration' but in plain citizen dress, bearing the simple insignia of office

The procession commenced forming upon Kenduskeag bridge, where was strewed in no quantity from one to ten inches deep, and accessions were continually made to it until its entrance in Broadway, where the travelling was good, when it numbered exclusive of the escort something more than a thousand persons or some hundreds less than the Whigs can throw votes in this city alone

In the procession were borne several beautiful and highly appropriate banners designed and painted by Oliver S Beale sign painter, and Edward Brown with whose efforts in drawing and engraving our citizens are well acquainted — The banner borne at the head of the procession had upon it an American Eagle, holding in its beak a full sized portrait to the "People's candidate, the true hearted Zachary Taylor, surmounted by a scroll with the names of

TAYLOR & FILLMORE.

Another banner was a large painting representing that portion of the memorable battle of Buena Vista, where the battery of the gallant Capt Bragg did terrible execution upon the Mexicans, with the motto

"A LITTLE MORE GRAPE, CAPT BRAGG"

There were several other banners and among them we noticed the following mottoes and mottoes

"I HAVE NO PRIVATE PURPOSES TO ACCOMPLISH NO PARTY PROJECTS TO BUILD UP—NO ENEMIES TO PUNISH—NOTHING TO SERVE BUT MY COUNTRY

I ASK NO FAVOR AND I SHRINK FROM NO RESPONSIBILITY

I SHALL CONTINUE TO DEVOTE ALL MY ENERGIES TO THE PUBLIC GOOD

"THE GOOD OF ALL PARTIES AND THE NATIONAL GOOD WILL BE MY GREAT AND ABSORBING AIM

"IF THE ENEMY OPPOSE MY MARCH IN WHATEVE NUMBERS, I SHALL FIGHT HIM

A triumphal arch of flags and banners was thrown across the west end of the Kenduskeag Bridge In the centre were two National flags with the stars and stripes thereon, and on one of them conspicuously displayed the names of

TAYLOR & FILLMORE.

Upon one side was a painting representing a sturdy Penobscot Lumberman or River Driver with pike in hand, and beneath him the motto

MAKE READY FOR OLD ZACK'S DRIVE

Upon the opposite side was the motto

THE JAM IS BROKE,

GEN TAYLOR NEVER SURRENDERS

From the Whig Office here was flung a beautiful National flag, attached to which were the names

TAYLOR & FILLMORE.

From Jerome's Lapteas office was displayed the Taylor banner

As the procession passed along there were frequent demonstrations of approbation by the waving of white handkerchiefs by the ladies which were returned with cheers

On approaching the Headquarters for the day the procession was received by Lumber Lane and Miller amid the hearty cheers of the people But Gen Taylor was not there These receptions of friends of freedom cheered the day June the speakers at the procession were at each of the great and loud tone of people men and women, who did more encouraged by each of the cheers, and by less often, than matching through the main procession The whole side now numbered several thousands

The assembly was called to order by Wm C Hammatt Chairman of the Committee of arrangements and the object of the day which had previously been selected by the committee, and published were announced and approved

Gov Kent on taking the charge of the meeting spoke of the great occasion which they had met to celebrate, and appropriate sentiments of invoking the blessing of Jehovah, and at his request Rev Mr Bent of the Episcopal Church addressed the throne of grace

Gov Kent then addressed the assembly in a speech of much beauty and great force, indeed in the estimation of many exceeding even himself

We have no other time or space to day to give even a sketch of this address, which we should be glad to do

Near the conclusion of this address the Portland Band with delegates from the western part of the State appeared, and were cordially received with cheers

It has been announced that several letters had been received from different portions of the State and the President called upon George B Moody Esq to read them to the audience

Letter of Hon. George Evans.

Gardiner July 3 1848.

GENTLEMEN I have yesterday just being absent on a magnificent engagement to which I have already invited a great many of the Taylor Festival To be held by the friends of Gen Taylor to morrow Humbly supposing of the nomination of that distinguished man for the office of President of the United States, I am pledged by word and word and deed to render all the aid in my power toward his election I regret that this meeting is to be held and that it will be attended by ten cent gentlemen from abroad who can speak to you from personal knowledge of the character of his and qualifications which best fit him for that high station These have every one already known him in the country The eyes of the people have been fixed on him watching all his movements for the last few years They find him a man of sound and just views of the Constitution and of such wise use of the most unbiased integrity of devoted patriotism—of correct executive views of public duty—of firmness and prudence in the hour of danger—of humane disposition—of faith in a Divine Providence—inspiring confidence in the wise counsels and for the human race They find him possessing in a most eminent degree those qualities which inspire the confidence and respect of the people such as soon as the times open with which we are amazing destined to be at the head of the government Great and startling events are daily occurring on the other side of the Atlantic and what the issue of these convulsions will be is beyond human capacity to foresee If a general war in Europe should be the result we shall need a man of the utmost prudence, discretion and firmness, at the head of our public affairs, to save us from becoming involved in the ruinous conflicts of the nations. Such a man is Zachary Taylor

We have recently concluded a Peace with Mexico but now permanent that peace may be, as yet to be determined Mexico is still a hostile and distracted country several wrongs inflicted upon her, and may at any moment be unwise on our part to relieve the conflict Such an event would be greatly to be lamented by every man in the country can avert such a calamity—can soothe the irritated feelings of these neighboring nations—can confirm and sustain the wild hatreds of infamy—and the most every hated wrongs which we have inflicted upon our sister federacy—and can bring some good out of the great evil of the war which has just ceased, it is Zachary Taylor

In the Executive chair of the strong hand and gentle heart just beginning to be felt. Circumstances occurring abroad, as may be connected with the measures of our Government, have in some degree delayed the effect of this policy We must look however, for a change produces the same results which have attended before Embassy appears already date in a few months Affairs in a great a few months of our foreign productions both at home and abroad, have greatly decreased Navigation is languishing Manufacturing capital and labor struggling for adequate remuneration. Agriculture is feeling to the utmost Where are the blessings which "free trade" and an "independent Treasury" were to bestow upon us?

Invoked by the most solemn ties from abroad that Great Britain is about essential to it modify, if not wholly to repeal its navigation laws This is to be done for the purpose almost divinely avowed of inducing the United States to adopt the same policy thereby throwing upon the rising trade of this country now employing considerably more than one half of our tonnage, to the coasting navigation of all other nations It appears from the English papers, that the Minister of the United States at the Court of Great Britain, has already given some assurance or understanding that this will be done. Let the navigating interest take heed to it in time. Let the ship-owner and the ship-builder—the seaman and the ripper—and the hardy sailor look to it to sustain. Let all who desire the interest of our country and our whole country to be regarded, beyond the interests of party—the strife—and the public will—the people's voice shall be respected, as uttered by their choice can representatives, and where to see Executive power and usurpation repressed, and good government firmly and temperately administered, ponder upon the character and qualifications of ZACHARY TAYLOR, and as they judge, so let them act.

I remain very faithfully,
Your ob't servt,

KINGSBERY, July 3 1848

GENTLEMEN

I received your kind favor inviting me to attend a Political Festival in your city on the coming Anniversary of our National Independence, and regret it will not be in my power to attend

I have can be but few things who will not, upon reflection, approve of and support the nominations made at the Philadelphia Convention! The honor, welfare and safety of the country require a change of measures which cannot be effected without a change of men, and my ardent desire is that we may all be united in the support of the nominees thereby securing beyond a doubt their election and such a change of measures as will save the country from a calamity very much feared

THOMASTON July 2d 1848

Dear Sirs—I this day received your invitation with which you have honored me to the Political Festival proposed to be held at Bangor on the 4th by the friends of GENERAL TAYLOR. It would give me great pleasure to have it in my power to participate with you in the festivities that occasion But I apprehend it will be impossible for me to meet with the friends of a man who has so justly awakened the generous enthusiasm of the country There is that in the personal character—in the stern integrity, military genius bravery coolness, and sound judgment of General Taylor, and in his whole united patriotism and eminent public services that renders it peculiarly appropriate that he should be remembered on all occasion with which the name and memory of Washington is associated

Firth in war and First in peace" affords a happy and more than half a century from the birth of American Liberty has found his true parallel in one who with the same share with him the affections and admiring and grateful people

Letter of Major Nathan Weston.

The following letter from Maj Nathan Weston Jr of Orono, was read amid showers of applause

Maj Weston is well known in this part of the State as a staunch Democrat and honorable man He was connected with the American army in Mexico as Paymaster, and resigned his commission in consequence of severe injuries received while in the discharge of his duties He was with General Taylor at Monterey and Buena Vista He knows him well and believes that he is the man for President in this emergency —

ORONO, July 1 1848

GENTLEMEN

I am in receipt of your letter of the 22nd ult inviting me to a meeting of the friends of General Taylor at Bangor on the coming anniversary of our National Independence

It is somewhat uncertain whether I shall be able to attend the contemplated meeting referred to But presuming that I may so say that I shall give my feeble aid and hearty support to the principles and claims of the Presidency, Major General Zachary Taylor He may not go with me to the extreme of my party doctrines—I do not expect it But he is an American by birth a true Republican, and an whole country and one who will stand or fall with their right or wrong as a son would by the mother who bore him And can find I am that good men of all parties may give him their support with out violation of a single fundamental principle He has fully sustained himself in every emergency and has added by the luster of his achievements, the purity simplicity and sturdy integrity of his character more to the glory of the American name than any one since the days of Washington

Under his guidance the destinies of the people will be secured and I regard it as my right my duty and my joy to testify my admiration of his services and his character by giving my aid, humble though it be to elevate him to the highest office in the gift of the nation

Your obedient servant,
NATHAN WESTON, Jr

To Edward Kent Moses I Appleton Solomon Parsons } *Committee &c*

Letters expressing regret that circumstances prevented their attendance were also received from Hon F O J Smith of Westbrook J R Chadbourn Esq of Easton Hon John Black Esq of Ellsworth Noah Smith Jr Esq of Castine H F H Morse, of Bath, L O Cowan Esq of Saco, Charles Lowell Esq of Ellsworth Hon Charles S Davies of Portland, Hon Luther Severance of Augusta, and others We should be glad to publish them all, but our limits will not allow us this gratification

The Company were invited to partake of a Refreshment and Hearty collation provided by the citizens of Bangor, for their friends, and the meeting adjourned to meet again at two o'clock

After partaking of an ample repast of substantial and wholesome fare, the people again assembled in a large and beautiful amphitheatre formed by a hill side, a new stand having been erected between a hill and oak in the valley The Band played several pieces in fine style

Gen Leslie Coombs of Kentucky, was then introduced to the assembly, and was received with prolonged and enthusiastic applause

He then addressed the assembly in a speech of great beauty and force, abounding in fact, and eloquent and pointed wit, wit, illustrated with apt and touching incidents and adorned with beautiful imagery, and in all its climax and forms tending to show the dangers to be feared from the ascendancy of Gen Cass, and the hopes arising from the elevation of the noble and true hearted Zachary Taylor We have never seen an audience more delighted with a public speaker than on this occasion — It was not a speech easy to be reported, and we must defer, to day, any attempt at analysis or even a mention of the points which he made — We wish that every man and woman in Maine could listen to his remarks particularly upon the dangers arising from the progress of Executive usurpations, the necessity of a change, and the contrast which he drew between the character of Gen Taylor and that of Gen Cass

He spoke over two hours, during the whole of which time he held his auditors under the charm of his eloquence

The Z Club appeared upon the stage and sung in beautiful style an original song written by J J Jerome, Esq which was highly applauded

William H McCrillis was called for, and delivered a brief but effective and well timed address

The Washington Guards now appeared in the vicinity of the stand and gave three cheers for Gen Taylor and Kentucky.

Gen Coombs acknowledged the compliment, and delivered to the young men a speech full of the deepest interest, alluding in a touching manner to the capture and treatment of his son by the Mexicans During this portion of his remarks the fountain of sympathy was opened in many hearts, and the big tear stood in many eyes and crept down many cheeks

An address was made by Abraham Sanborn, Esq, after which it was announced that Gen Coombs would address the people at the City Hall in the evening, and after a brief address from the Gen Ken, the meeting adjourned to meet at the City Hall in the evening, and three times three cheers were given with much enthusiasm

In the evening there was a full meeting at the city Hall Brief addresses were made by Gen Isaac Pendeton of Corinth, by G W Wilcox of Dixmont, when Gen Coombs delivered an address which was received with the high est interest, and the meeting adjourned with three cheers, and three more for Zachary Taylor and Millard Fillmore

During the evening rockets and fireworks of every description were thrown off in various parts of the city and among them were several illuminated balloons by Dr Allen Hardin

There was also a fine display of fireworks at the garden of Albert Noyes Esq.

National Salutes were fired in the morning noon and night The day was very quiet, and the day passed off to the general satisfaction of all the people

☞ The Fourth was celebrated in this city by the Democracy of the State, the Governor and Council, U S officers, Senator Allen of Ohio and Gen Pierce of New Hampshire &c &c. being advertised to be present on the stil of sent occasion We understand that the gratification was not equalled by the war Their procession for the getting up of which great efforts were made and upon which great gratification was anticipated has been highly esteemed by the locos varying probably from two to three hundred thousand, and by actual count of two reaching one score of the escort, to eleven hundred and forty eight The escort was composed of one body of mounted truckmen which made a beautiful appearance, and by the city Engine Company six, to uniform But at least half of these were Whigs who did not wish to separate with the rest companions on the occasion of a public display and the acceptance of a first invitation

The speakers were Mr Hallett of Boston, the soldier orator as the Boston Post styled him, Gov Hubbard New Hampshire with a written story, Jon W S Moore of this city and by D Kunnan.

Steamer State of Maine

New York June 30th

The New Steamer State of Maine made her final trip yesterday down to the Hook, and has proved all that was desired she takes rank with the first class Bay Steamers. She is a fine boat, handsomely furnished, and combines great strength, with speed enough to suit the fast going people

In running up from the Hook to the Battery the distance of 30 miles was run in one hour and forty minutes against the tide and in running up the North river she went at the rate of 20 miles per hour

As she came off the Battery the 5 o'clock steamers for the East, came out of dock, and it was a beautiful sight to see those four splendid steamers, the Empire State, Vanderbilt, Knickerbocker, and State of Maine in a line steaming down East River The "State of Maine" came up astern of the Knickerbocker, the stern Boat of the fleet but she did not stay quite long but ide the State from which she takes her name, was all the time ranging ahead, and by the time she came opposite her dock, a distance of three miles, she had passed the Knickerbocker and it was observed that the State of Maine had held her way with the Empire State and was a good match for any of them, except the Vanderbilt

She is undoubtedly as fast and strong a Boat as has been designed to grace your waters

It is said she leaves here for Boston and Bangor the 8th of July

☞ M R Bell Esq in and Upper St Winter in his engagement to get on the train of cars coming into Portland on Tuesday caught hold of one of the car while the train was in motion, fell when his arm across the rail, and the wheel of the car passed over it crushing it in a terrible manner He refuses to have it amputated preferring as he says to die with his arm than live without it

☞ On the morning of the Fourth while some boys were sporting with a small cannon on Essex street in this city a son of Mr E Trask was shot in the leg by a buckshot and received a severe and pain ful flesh wound

☞ The State of Maine arrived in Boston after a passage of twenty two hours She was to leave Boston last evening and will reach here to day She is to make a pleasure excursion down the river and bay to-morrow, leaving this city at eight o'clock Of course everybody to day is all making arrangements to go on the excursion and try the new boat

☞ The fourth of July was in Boston on Tuesday, and very few papers were published on that day

We yesterday in our columns pretty generally to day to give an account of the celebration

DR SWAYNE

Sir—Having been afflicted for more than thirty years with the asthma at times so severely as to incapacitate me from attendance to business and having employed many medicines without any but temporary relief, I purchased about three years since of Mr Edward Hanson (my agent at this city) several bottles of Wistar's Balsam of Wild Cherry from the effects of which I obtain a more relief than from all the medicines I had ever taken for that distressing disorder I have by the recommended use of a bottle that is now more free of pressure for breath and oppression on the lungs than I had anticipated and indeed do consider myself cured of this most distressing malady

I consider it cheerfully recommend it to all who may be afflicted Yours truly

Patents secured in France and other countries.

By application at this office, inventors are saved the time and expense of a journey to Washington and delay there, as well as all persons trouble in obtaining their patents. They also have the advantage of *verbally* explaining their inventions and of consulting in respect to them, *gratis*, in *general of personal importance in order to obtain the most efficient specifications and claims*. The experience of *sixteen years practice*, an extensive collection of rare works, decisions, &c. on mechanical subjects, the Patent Laws, and copies of different countries, collected at much expense during the long time the office has been established, together with accounts here kept of inventions patented at Washington, enable the subscriber to give inventors, dealers in, or purchasers of Patents assistance and information which in other respects may be difficult of attainment.

MRS. E. KIDDER'S DYSENTERY CORDIAL,

—IN—

Immediate & Perfect Cure

—FOR—

CHOLERA MORBUS, DYSENTERY, DIARRHOEA, SUMMER COMPLAINTS OF CHILDREN, SEA SICKNESS, GENERAL DEBILITY, etc. etc.

WHERE this all powerful antidote is at hand, Cholera, Dysentery and Chronic Diarrhœa are no longer to be seriously feared, or looked upon with terror—as this Cordial will almost assuredly cure the disease in the course of a very few hours, if taken at the commencement.

Hundreds have the testimony of more than six years to adduce in favor of the same, Consequently it must be the first remedy to be known to the public as an insane hate and perfect remedy for these complaints. It can be thoroughly tested in every country and every climate, and its effect be always the same—SURE TO CURE, even where the disease has advanced to the last stage. The public may rest assured that it contains neither opiumor mineral substances, or any thing that is the least injurious to the constitution.

Cholera and Common Cholera Morbus.

This Cordial immediately checks the vomiting relieves the pains stops the Diarrhœa and restores the bowels to a perfectly regular and healthy state, however severe the attack may be or however long the patient may have been in miserably restless

Severest cases of Dysentery,

are immediately counteracted, the pains are allayed, the bowels healed and not unfrequently the body is become perfectly regulated and restored in the short space of two or twelve hours.

Chronic Diarrhœa,

either in children or adults, of months or years continuance, is not seldom cured with this Cordial; nor is that dreading they may be reduced to a mere skeleton; it immediately invigorates, and shortly restores them to perfect health.

Cholera Infantum.

Has saved the lives of many a fond and children when every other means by this compound, it gives the most immediate relief, and they very soon recover.

Sea Sickness.

It is a most pleasant and desirable remedy for Sea Sickness. It checks the vomiting and speedily restores the patient. It immediately checks vomiting and relieves from any disagreeable sensation whatever.

Children that are Teething,

Inclined to Diarrhœa, should always be provided with this medicine as it will keep the bowels regulated, and keep off the Cholera Infantum. It is wholesome, safe and pleasant to the taste, and children are fond of it and will take it without trouble or dislike.

For General Debility and Dyspepsia.

It is a most excellent restorative, giving a healthy tone to both the stomach and bowels, and preventing food from pressing or disturbing the stomach.

☞ *CAUTION.*

Beware of those impostrums which are daily palmed off upon the public—bearing the name of no article, which is CHOLERA MORBUS DYSENTERY AND DIARRHŒA CORDIAL, which is the only article that can be relied on. Also, that have acquired a celebrity over many different countries. Dr. Kidder was very desirous that the public should not be imposed upon by the purchase of Cordials worthless and useless, at the expense and perplexities of the sufferer, and have signed and done the same before the public.

Be sure that you obtain MRS. E. KIDDER'S Cholera Morbus Dysentery and Diarrhœa Cordial and you will get the genuine and original article, which has ever been held in the highest estimation by the proprietress throughout the whole country.

It is put up in bottles holding nearly a quart, intended for family use, and sold at One Dollar a bottle.

Sold by MRS. E. KIDDER, No. 100 Orange Street, Boston.

DR. CUMMINGS'

Compound Extract of Sarsaparilla and Dock.

THE articles composing this extract are the principal ingredients of this valuable medicine, which is now offered to the public, designed to render them more active, and consequently more immediately effective.

The Dock, is either a species of it or possesses a medicinal quality and virtue so like it, that in the Materia Medica of this and other countries, it is known by the name of Dock, and is used for the same purposes as the Yellow Dock. Physicians, Botanists, Farmers and Gardeners, who are familiar with the Yellow Dock, will at once recognize the Dock, as the principal ingredient in the Compound, and a perusal of the following pages will possess all the properties which are claimed for the Yellow Dock. Recent discoveries in Medicine, have proved that the Yellow Dock is the most powerful remedy in the world for the cure of Scrofula, or King's Evil, when the disease is seated in the blood, and has become constitutional. Its operation is to cleanse the blood of the humors which cause the disease, and at the same time to restore the digestive organs to a healthy action, and to invigorate the whole system. Hence the reason why it is so much superior to all other remedies for the cure of Scrofula, or King's Evil, Erysipelas, Salt Rheum, Ringworm, Tetter, Boils, Pimples on the face, Blotches, Ulcers, Sore Eyes, Rheumatism, Dropsy, Gout, Jaundice, Dyspepsia, Liver Complaint, Female Complaints, Piles, Fever and Ague, Fever Sores, Mercurial Diseases, Mumps, Sore Throat, Canker, Worms, Coughs, Colds, Consumption, Asthma, Pain in the Side, Breast and Limbs, Pain in the Back and Loins, Nervousness, Sick Headache, Female Weakness, Barrenness, Leucorrhœa or Whites, Fluor Albus, Suppression of the Menses, Irregularities, Pain at the Stomach, Sour Stomach, Heartburn, Disgust for Food, Fulness or Wind on the Stomach, Bowels and Limbs, Sick Headache, Faintness, Flushings of Heat, Loss of Appetite, Shortness of Breath, Costiveness, Blotches on the Skin, Boils, Worms, Tetter or Salt Rheum, Scald Head, Ringworm, Coughs, Colds, Consumption, Pain in the Side, Back and Limbs, Difficult Breathing, Blood to the Head, Palpitation of the Heart, Inflammation of the Lungs, Pain in the Region of the Kidneys, and all diseases arising from a disordered state of the Stomach, Liver, Blood or Skin.
